PROFESSIONAL SUMMARY

MERN Stack Developer and Computer Science Engineering student with a strong foundation in web development, JavaScript, React, Node.js, Express.js, and MongoDB. Experienced in building responsive, user-friendly web applications and integrating REST APIs. Passionate about problem-solving, learning new technologies, and developing scalable, efficient web solutions.

TECHNICAL SKILLS

Programming Languages: C++, JavaScript (ES6+), HTML5, CSS3

Frontend Development: React.js, Bootstrap, Tailwind CSS, Responsive Web Design

Backend Development: Node.js, Express.js, RESTful APIs

Database: MongoDB

Tools & Platforms: Git, GitHub, VS Code, Postman, Vercel, Render

Core CS Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS, OS, Computer Networks

PROJECTS

DevTrack – Developer Productivity Dashboard | *HTML, Tailwind CSS, JavaScript, DOM Manipulation, localStorage*
GitHub | Live Demo

- Developed a responsive developer productivity dashboard to track tasks, completion status, and productivity metrics.
- Built a modern and responsive interface using Tailwind CSS, including responsive grid layouts and reusable dashboard cards.
- Implemented interactive dashboard functionality using JavaScript for dynamic task management and real-time UI updates and Deployed the project with Vercel and managed the source code using Git/GitHub.

Notes App | *MongoDB, Express.js, Node.js, React.js*
GitHub | Live Demo

- Developed a full-stack Notes App using React.js, Node.js, Express.js, and MongoDB with complete CRUD functionality.
- Integrated RESTful APIs, Axios, React Router, and Tailwind CSS for frontend-backend communication and a responsive user interface.
- Deployed the application on Render with MongoDB for persistent data storage.

Expense Tracker | *HTML, CSS, JavaScript, Bootstrap, Vercel, DOM Manipulation, localStorage*
GitHub | Live Demo

- Developed a responsive expense management application to track income, expenses, transaction categories, and overall balance.
- Implemented JavaScript-based CRUD functionality to add, edit, and delete transactions with real-time balance updates.
- Added input validation and used Bootstrap to create a clean, responsive, and user-friendly interface.

EDUCATION

Maharshi Dayanand University (MDU)
BTech Computer Science & Engineering (2023-Present)

SOFT SKILLS

- Problem Solving & Analytical Thinking
- Teamwork & Collaboration
- Adaptability & Fast Learning
- Technical Communication
